

Jeffers Foundation Environmental Experience Transportation Grants

Grant Application - 2026

To: All Minnesota schools and 501c3 organizations:
Re: Environmental Experience Transportation Grants

The Jeffers Foundation fosters “*Environmental Stewardship Through Outdoor Education.*” It is our mission to help teachers foster a love of the natural world in their students. Field trips can provide students a meaningful experience to see environmental processes in-person and develop a closer connection with the natural world. To overcome a common barrier to going on field trips, Jeffers Foundation will provide funds for bus transportation to schools and organizations to take their groups on environmental field trips. Jeffers Foundation is offering **grants up to \$2,000 to schools or 501c3 organizations throughout Minnesota for bus transportation.** This can include travel to local nature centers, SNA’s, regional parks, Residential Environmental Learning Centers (RELC’S), etc. Travel must be within Minnesota and completed during calendar year 2026. One transportation grant per school group (class/teacher/grade/etc.) per year. Applications will be reviewed and grants awarded throughout the year. If you have any questions please contact:
